

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of Southern California Edison Company (U 338-E) for Approval of the Fifth Amendment to the Power Purchase Contract Between Southern California Edison Company (U-338-E) and Watson Cogeneration Company.

Application 00-05-066
(Filed May 31, 2000)

**ADMINISTRATIVE LAW JUDGE'S RULING
REQUESTING COMMENTS ON PENDING APPLICATION**

This application seeks Commission approval of an amendment to a power purchase agreement between Southern California Edison Company (SCE) and Watson Cogeneration Company (Watson) under which SCE purchased power from Watson's cogeneration plant. The amendment would permit the parties to implement pricing changes previously approved by the Commission.

Processing of the application was deferred during the energy crisis. A proposed decision has been prepared and is ready to be circulated for comment. Before that is done, however, the Commission seeks information on whether the application is unchanged, or whether changes in the applications are warranted because of recent events and the passage of time.

SCE is asked to comment on whether the application should be amended, withdrawn, or processed without change. Comments should be filed within 30 days of the date of this ruling.

IT IS RULED that Southern California Edison Company is asked to file comments within 30 days on whether this application can be processed without change, or whether changes in the application are warranted because of recent events and the passage of time.

Dated April 3, 2002, at San Francisco, California.
